## ABOUT THIS COURSE

This is a SQA accredited qualification based on the same course taught on a full-time (FT) basis at the College. The course has been designed to allow you to continue working whilst giving you the opportunity to gain a higher qualification in your spare time. It uses a new interactive, web based delivery format, exclusive to Edinburgh College, and is delivered 2 evenings a week; Tuesday and Thursday, over a 2 year period. Each session lasts 2.5 hours and is delivered on line, similar to a Skype or Facetime meeting, but with special software that uses a whiteboard system. You can participate in the class in the same way as attending full-time and you are only required to come into college to sit assessments or to complete the practical elements of certain units. Most of the study will therefore be carried out in the comfort of your own home.
