

HEALTH & SAFETY

For the future you want

Health & Safety is a critical aspect of every business.

Employees must know how to work safely without risk to their own and fellow colleagues health. Edinburgh College Health & Safety courses accredited by IOSH (Institution of Occupational Safety & Health) and NEBOSH (National Examination Board in Occupational Health & Safety) offer a wealth of knowledge for all those who need Health & Safety certification.

The range of Health & Safety courses offered will ensure that you are fully knowledgeable in fire safety, electrical safety, hazards and risks around the workplace and policies and audit processes.

Our foundation level, general certificate courses are typically a requirement for staff operating at manager level in most businesses.

Our more advanced diploma programmes are ideal for those who are looking to develop a professional career within Health & Safety.

CUSTOMISED TRAINING

Although we provide Health & Safety courses we also create customised health & safety training programmes tailored to business requirements. Please contact us if you wish to discuss creating a tailored training programme for your employees.
