2020

# CONGRATULATIONS

## CONGRATULATIONS TO ALL OUR PRIZEWINNERS OF 2020

#ECPrizeGiving

**Congratulations to all our 2020 Prize Winners. As we reach the end of the academic year it provides us an opportunity to celebrate the best thing about our College – our students and their achievements.**

We are awarding prizes to a selection of students who have excelled, not only academically but in their personal endeavours too. These awards recognise the hard work and determination shown by these students over the past year, and are also a nod to the efforts of everyone who has supported them along the way from friends and family to our dedicated staff.

So many of our students have achieved great levels of success this year and although we are recognising a select few, these awards go beyond this and are a tribute to every one of our students – who have all continued to thrive under the difficult circumstances that 2020 has presented to us.

These awards recognise students who have overcome challenges and demonstrated a dedication to their learning which I'm sure will serve them well in whatever they go onto next, whether that be further studies or employment.

Seeing students grow and develop during their time at College makes us all proud to do the jobs we do – I am overwhelmed by how everyone has adapted to new ways of working which has enabled our students to continue with their studies and achieve the outcomes they desire at the end of the academic year.

Congratulations to each and every one of you receiving an award. You've worked extremely hard and although we cannot all come together to celebrate these achievements, we all applaud you.

I wish our class of 2020 all the very best in your future endeavours. I hope your College experience has been one which you will look back on fondly and which has prepared you for the next step in your journey. I look forward to hearing of your future successes. Good luck in all that you do.
